

Quality, Environment and Prevention Policy Tajo Group

The Board of the Tajo Group establishes its policy through the integrated management of Quality, Environment and Prevention while committing to satisfying the needs of customers, our staff and the environment, thus guaranteeing our future as a competitive and profitable company and ensuring the necessary means to its achievement.

MISSION

WE ARE A COMPETITIVE INDUSTRIAL GROUP, INTEGRATED IN MONDRAGON CORPORATION, SPECIALISING IN THE DEVELOPMENT OF PROJECTS AND PRODUCTION OF PLASTIC COMPONENTS AND SUB-ASSEMBLIES FOR THE WHITE GOODS AND AUTOMOTIVE SECTORS, BEING A LEADER FOR OUR CUSTOMERS IN DEVELOPMENT, QUALITY AND SERVICE, AND ENHANCING THE CAPACITY, INVOLVEMENT AND DEVELOPMENT OF PEOPLE.

VISION

WE WISH TO BE A PROFITABLE AND SUSTAINABLE BUSINESS GROUP IN ALL OUR DEPLOYMENTS THROUGH PARTNERSHIP WITH OUR MAIN CUSTOMERS AND SUPPLIERS, WITH SHARED MANAGEMENT BASED ON OPERATIONAL EXCELLENCE AND ADVANCED MANUFACTURING TECHNOLOGIES.

We are committed to complying with our customers' requirements, legal requirements and other requirements, thereby achieving the satisfaction of our customers and contributing to the continuous improvement of working conditions and risk prevention and maintaining **a deep respect for the environment**. The Tajo Group is aware of the importance of making the development of its activity compatible with **the protection of the environment**, including the prevention of pollution. Therefore, we commit, to the extent of our possibilities, to reducing the consumption of natural resources.

Through the establishment of objectives and targets in terms of Quality, Environment and Prevention, its monitoring, customer satisfaction reports, and other tools, we will observe the evolution of our Integrated Management System, identifying opportunities for improvement and new objectives.

We undertake to disseminate this Policy to all staff and keep it available to the interested parties.

**Eduardo Herce Susperregui,
Manager of the Tajo Group**
